

Good Afternoon,

Welcome to 2025! We hope everyone enjoyed thier christmas and new years. There are a few good local events coming up that we would like to inform you about!

This years winter conference is Wednesday January 22nd, 2025 From 9:30am – 4:15pm in Kitchener.

They will be covering all the newest released products that Precision Planting has to offer, as well as the latest research! This is a great opportunity to learn about the products and how they can benefit your farm.

If you would like to get registered [click here](#) there is limited seating act fast!

We will also be attending the following shows over the next month:

- **Elgin SCIA AGM, January 9, 2025**

Masonic Centre of Elgin 42703 Fruit Ridge Line, St. Thomas 9:00 am

- **Lambton Soil & Crop, January 10, 2025**

Alvinston Community Centre 9:00am-3:00pm

Also Just a reminder with spring approaching Shea AG is testing corn meters and now is a great time to get yours done, stop in or give us a call to arrange for testing.
